

# SAVINGS GENERATOR

*Gensets with a Spinner II lube oil cleaning centrifuge cost significantly less to operate.*

## Save Now

Safely extend drain intervals and save oil, filters, labor and downtime – with Spinner II oil-cleaning centrifuges. They remove soot, debris, spent additives and other contaminants down to the sub-micron level.

## Save Later

Spinner II centrifuges reduce component wear up to 50%, enabling engines and turbochargers to run longer between overhauls – with less maintenance and fewer repairs along the way.

*Save on parts, labor and productivity with the solution used by more than 40 engine OEM's worldwide.*
